CLOSED-LOOP SERVICE REFERRAL SYSTEM TO SUPPORT FFPSA CLAIMING

JENNIFER O'BRIEN, SENIOR POLICY FELLOW, CHAPIN HALL
MEGAN TAYLOR, FAMILY SUPPORT SERVICES SUNCOAST
STEPHANIE KONTOUR, WELD COUNTY COLORADO

CHAPIN HALL

AGENDA

- How closed loop referral systems help agencies gather data
- Breakdown the requirements of a FFPSA claim
- ACYF-CB-IM-26-04 Opportunity

Family Support Services (FSS) Suncoast, a lead Florida private agency, **launched on Binti's Service Referral Management module in January 2026,** following a 6-month launch.

Today, **FSS and 46 community providers** use Binti to send and receive service referrals covering areas such as behavioral health, parenting, substance use, and more.

FSS' closed loop referral system has seen promising results

412
Unique individuals served

23%
Reduction in median days from referral to first service[1]

1,800+
Unique service referrals sent via Binti

3,900+
Services delivered

724
Referrals closed this year

1. Compares the average of monthly median days to first service, Feb-Apr 2026 vs. Jul-Sep 2026, grouped by month of first service

Weld County (CO) launched their **first cohort of high-volume providers in October 2025** onto Binti's Service Referral Management (SRM) module. The remaining providers launched on Binti in 2026 – in total, **Weld sends referrals to 68 total providers** across the county via Binti.

Weld primarily leverages SRM to facilitate seamless fiscal billing, coordinate referrals, and track service outcomes.

Weld has achieved solid results to-date connecting their providers

348
Unique individuals served

13,000
Total services delivered

$1.7M
Total value of payments for services sent via Binti

777
Total unique referrals

8
Median days to first service

“Binti is very easy to use, once I got onto the program it was straightforward. My favorite part is that it has significantly reduced my billing time to only a third of what it used to take me each month.”

- Mandy Hartshorn (Creative Nursing - Provider for Weld, CO)

FFPSA Challenges

Most states have a prevention plan, but few are claiming at scale.

52
States, territories, and tribes have an approved Title IV-E prevention plan

~50%
Of jurisdictions with approved plans never submitted a prevention claim as of FY2023

<2%
Of all Title IV-E reimbursement claims are for prevention services

27
Jurisdictions claiming in FY2023, up from 5 in FY2020

28%
Of 95 federally rated programs included in state plans

$7.3M
New federal grants to build claiming and data infrastructure

3 Consistent FFPSA Tech Challenges:

Agencies don't have **visibility** into services provided after a referral is sent.

Caseworkers cannot track key **eligibility** information in existing systems.

States find it hard to capture **fidelity** information to support CQI efforts, as required by FFPSA.

Title IV-E Prevention Program: Required Data Elements All Captured in Binti SRM

Child & Demographic Info

Element 1: Title IV-E Agency (FIPS / EPA Code)

Element 2: Encrypted Unique Child Identifier

Element 3: Date of Birth (YYYYMMDD)

Element 4: Sex

Element 5a–g: Race Categories
(American Indian, Asian, Black, Pacific Islander, White, Unknown, Declined)

Element 6: Hispanic or Latino Ethnicity

Element 7: Pregnant or Parenting Youth Status

Plan & Service Details

Element 8: Prevention Plan Start Date

Element 9a–c: Service Type Categories

- Substance Abuse Prevention & Treatment
- Mental Health Services
- In-Home Parent Skill-Based Programs

Element 10: Service Start Date(s)

Element 11: Cost of Service(s)

Element 12: Service End Date(s)

Outcomes & Foster Care

Element 13: Foster Care Placement Status at 12 Months
(Measured relative to plan start)

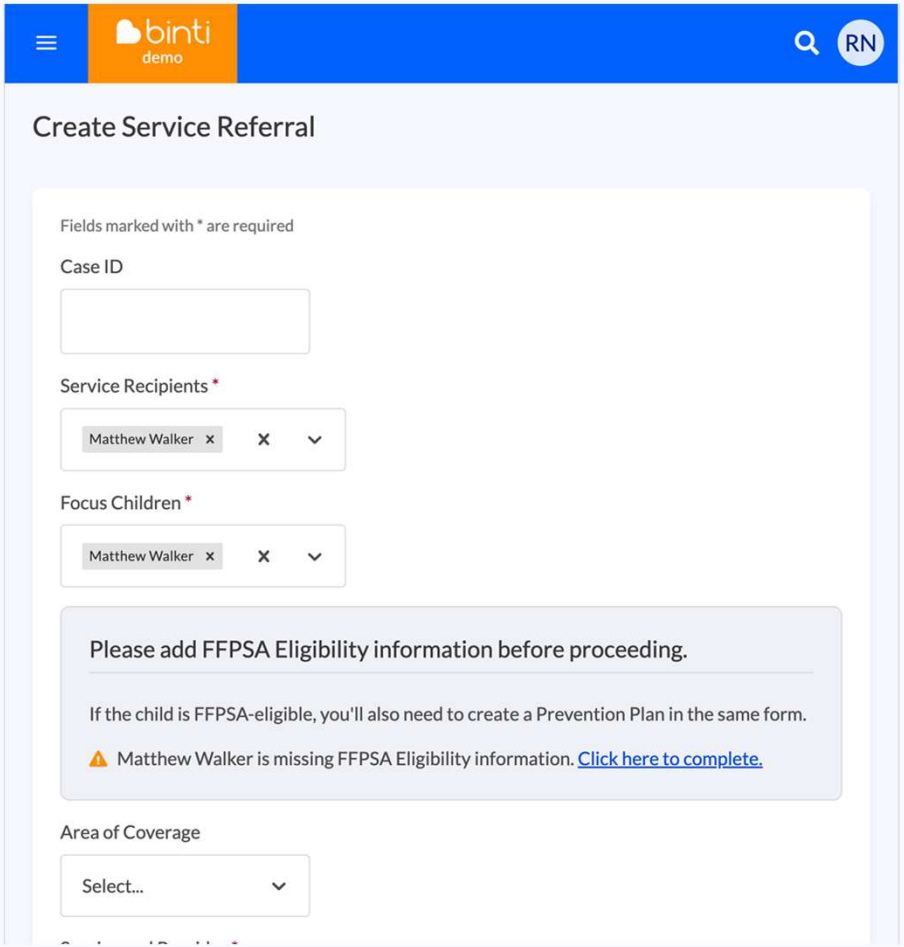

Element 14: Foster Care Entry Status within 24 Months

Element 14a: Specific Date(s) of Entry into Foster Care

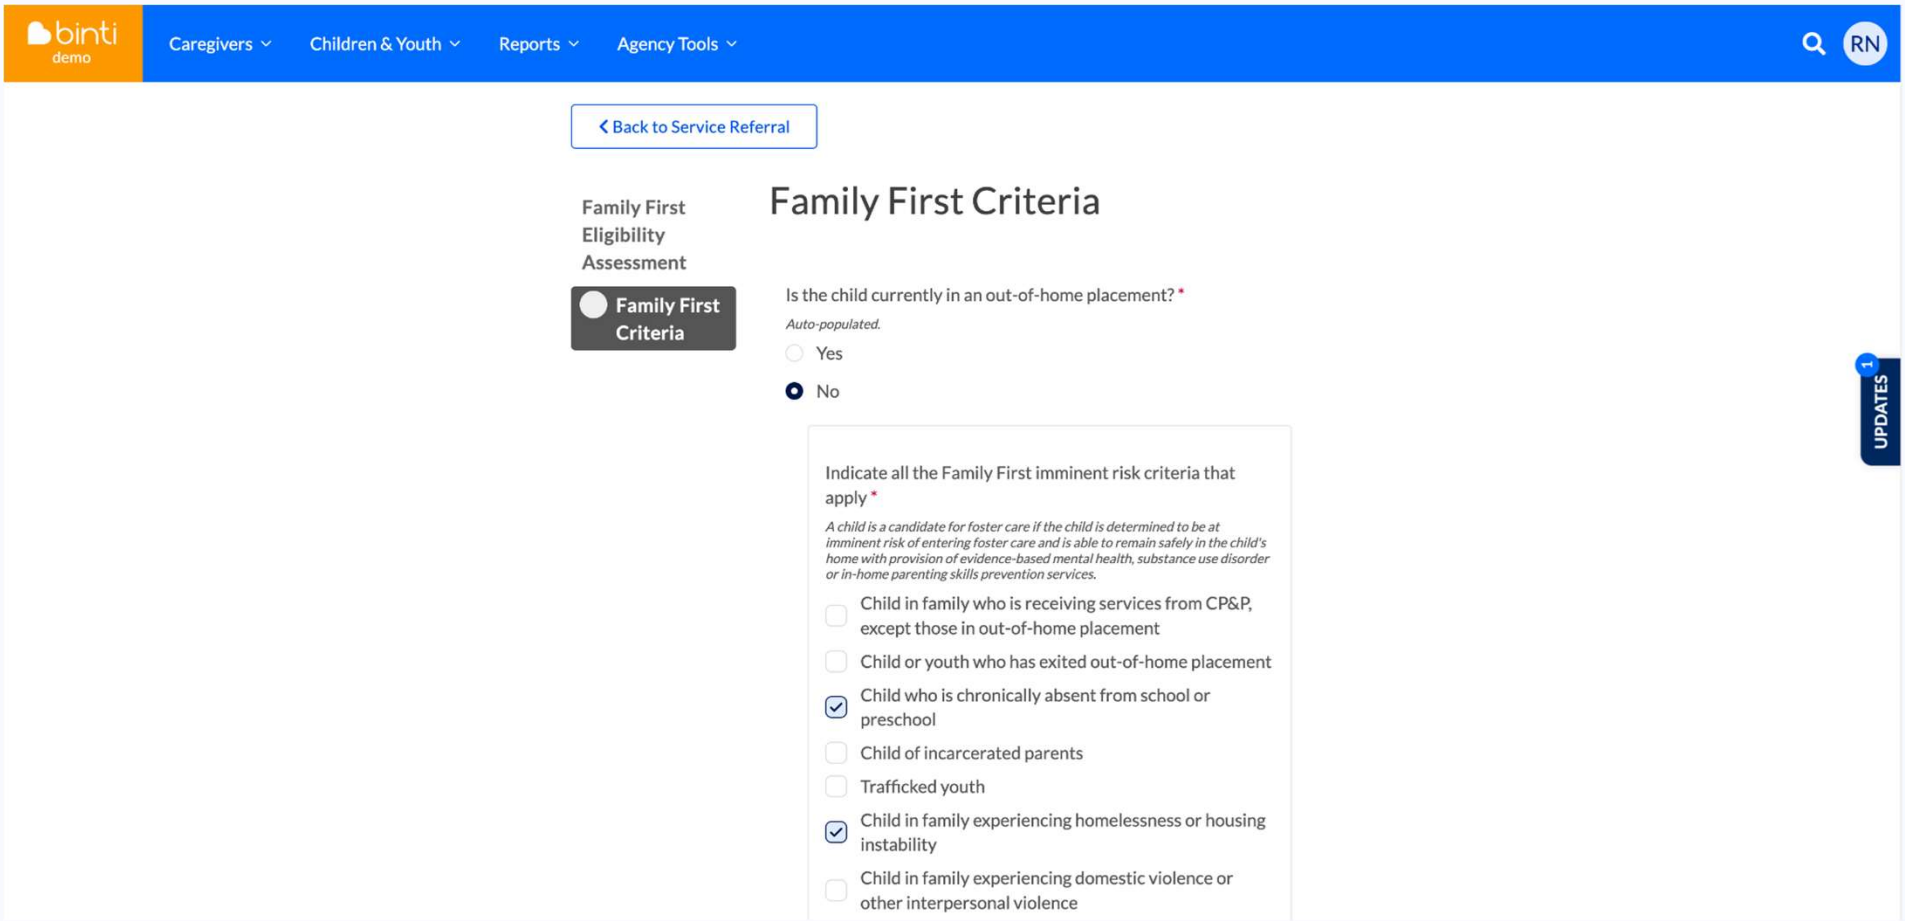

Reporting Note:

Submitted semiannually via XML files adhering to the ACF Technical Bulletin #1 schema.

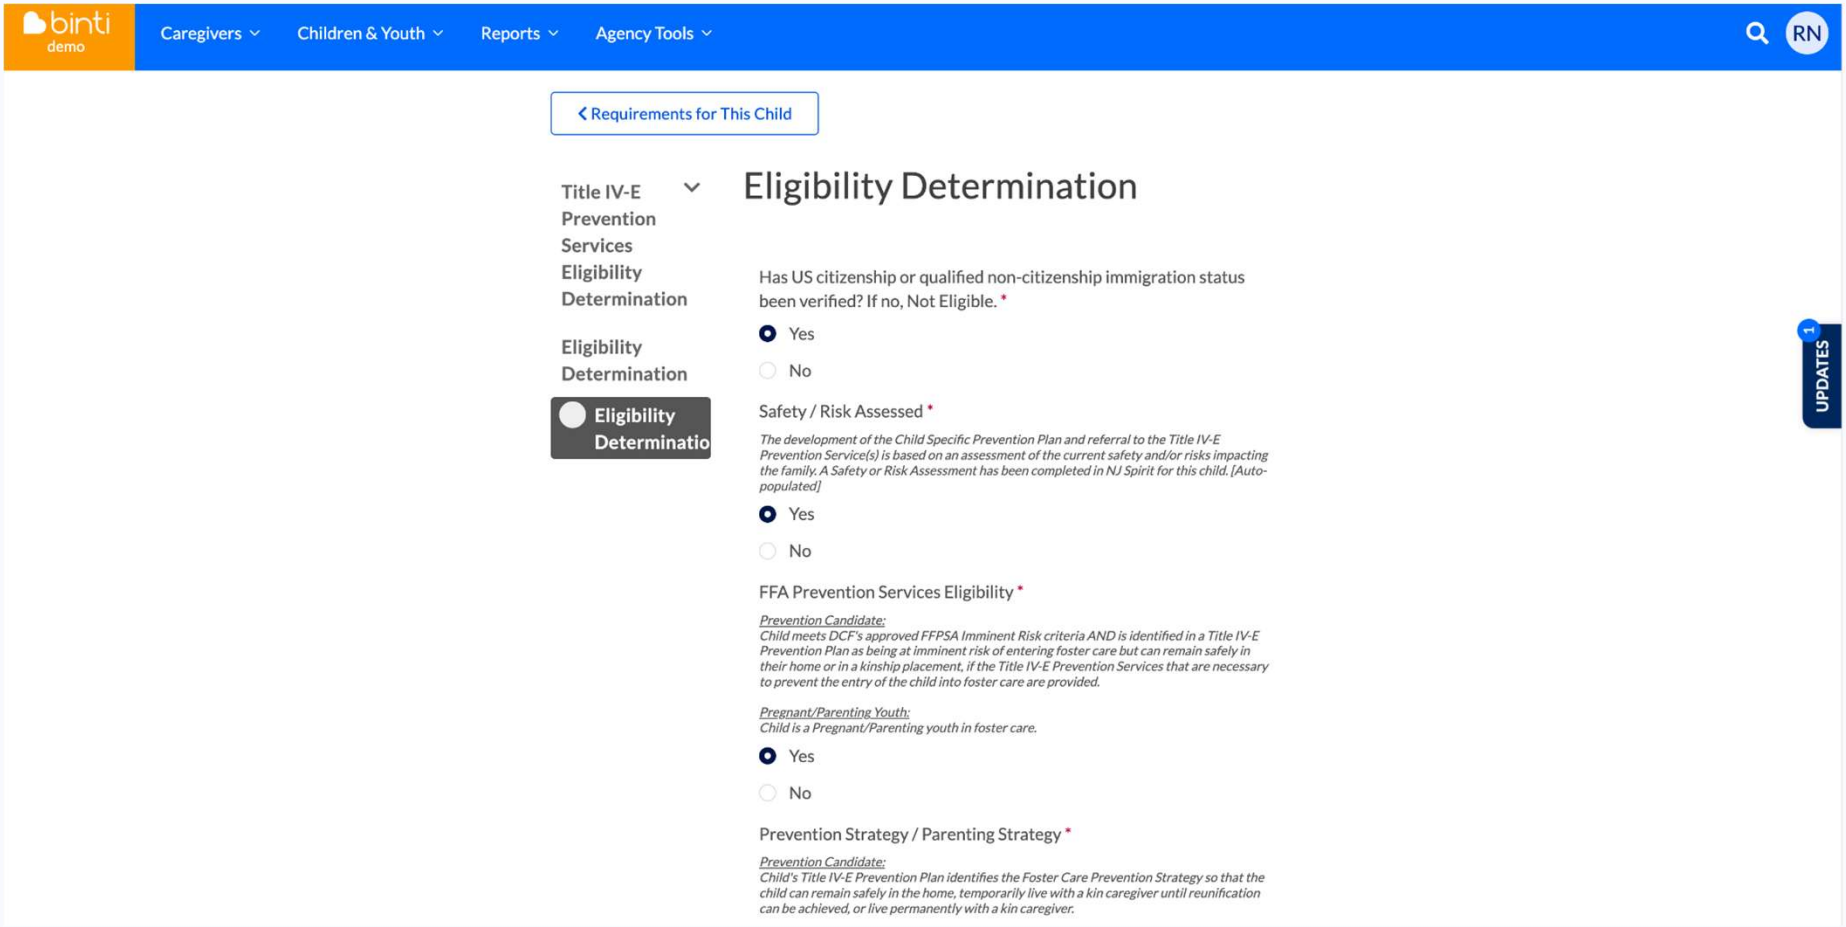

Maximize claiming by ensuring FFPSA eligibility has been assessed before service referrals are submitted.

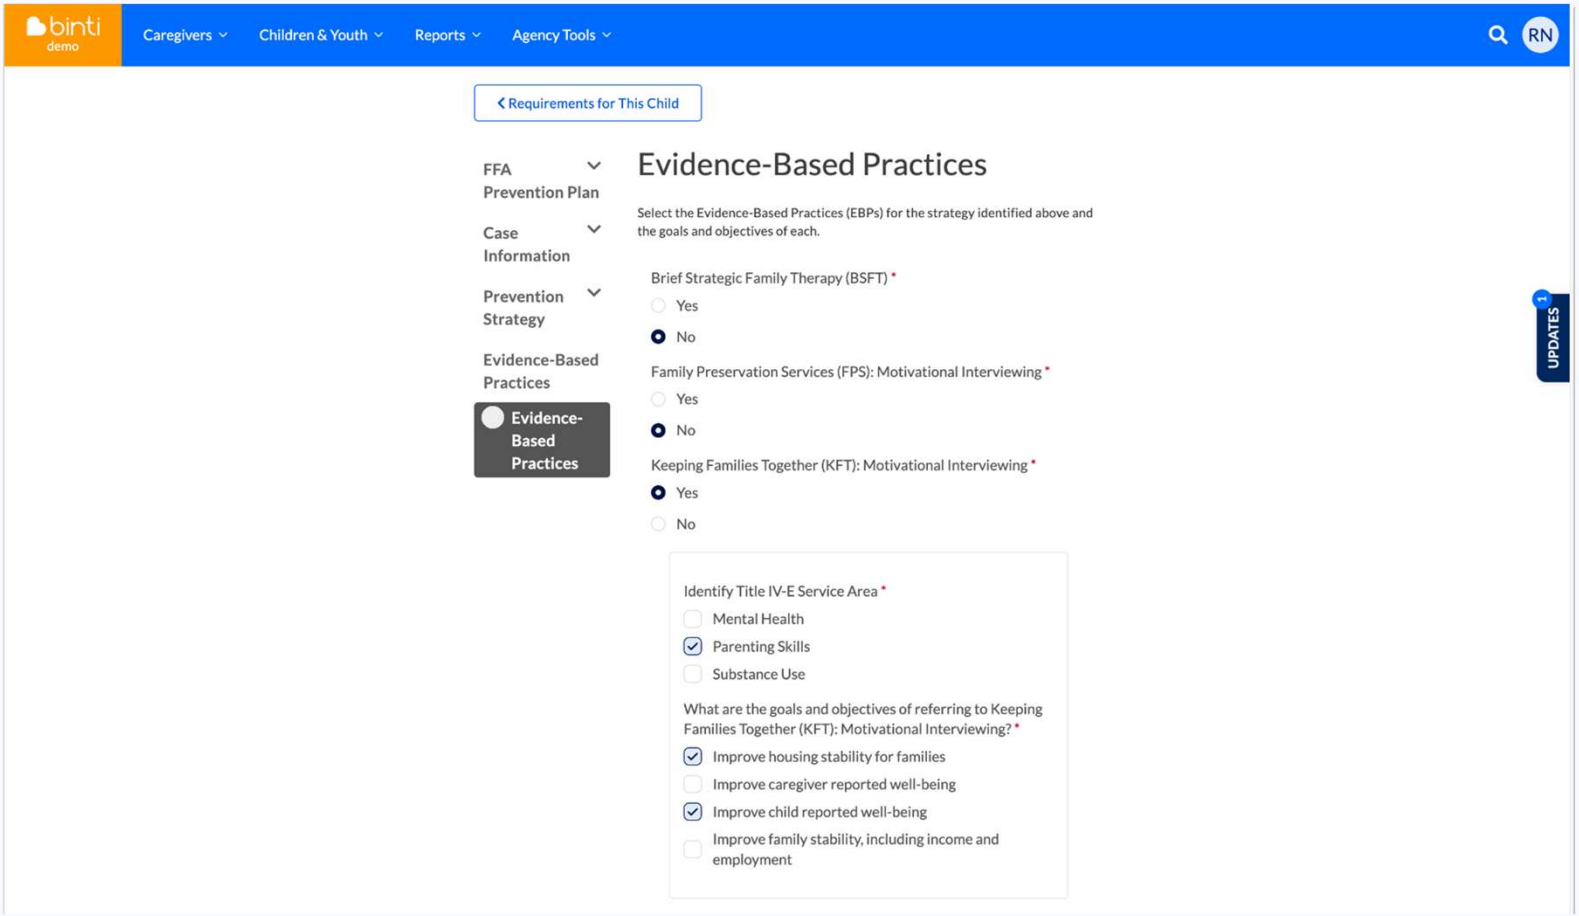

Assess eligibility to determine if claimable and prevention plan is needed.

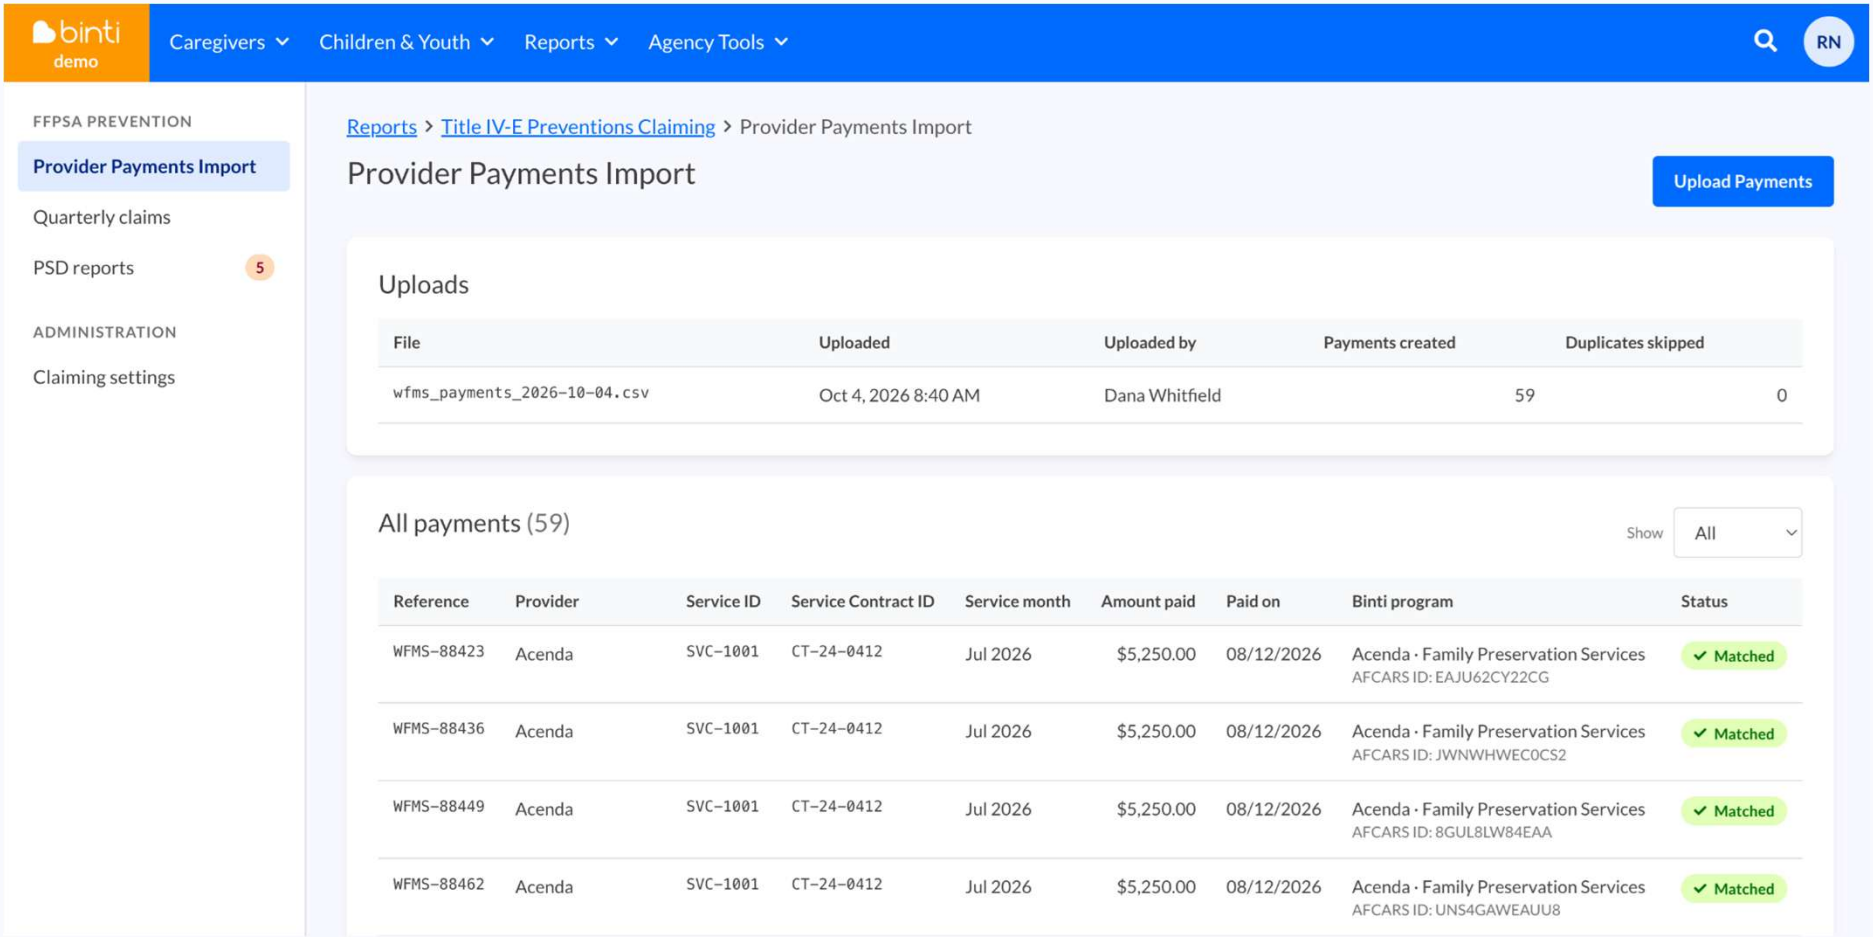

Title IV-E team reviews all eligibility determinations.

Create and track a child-specific prevention plan for an eligible child.

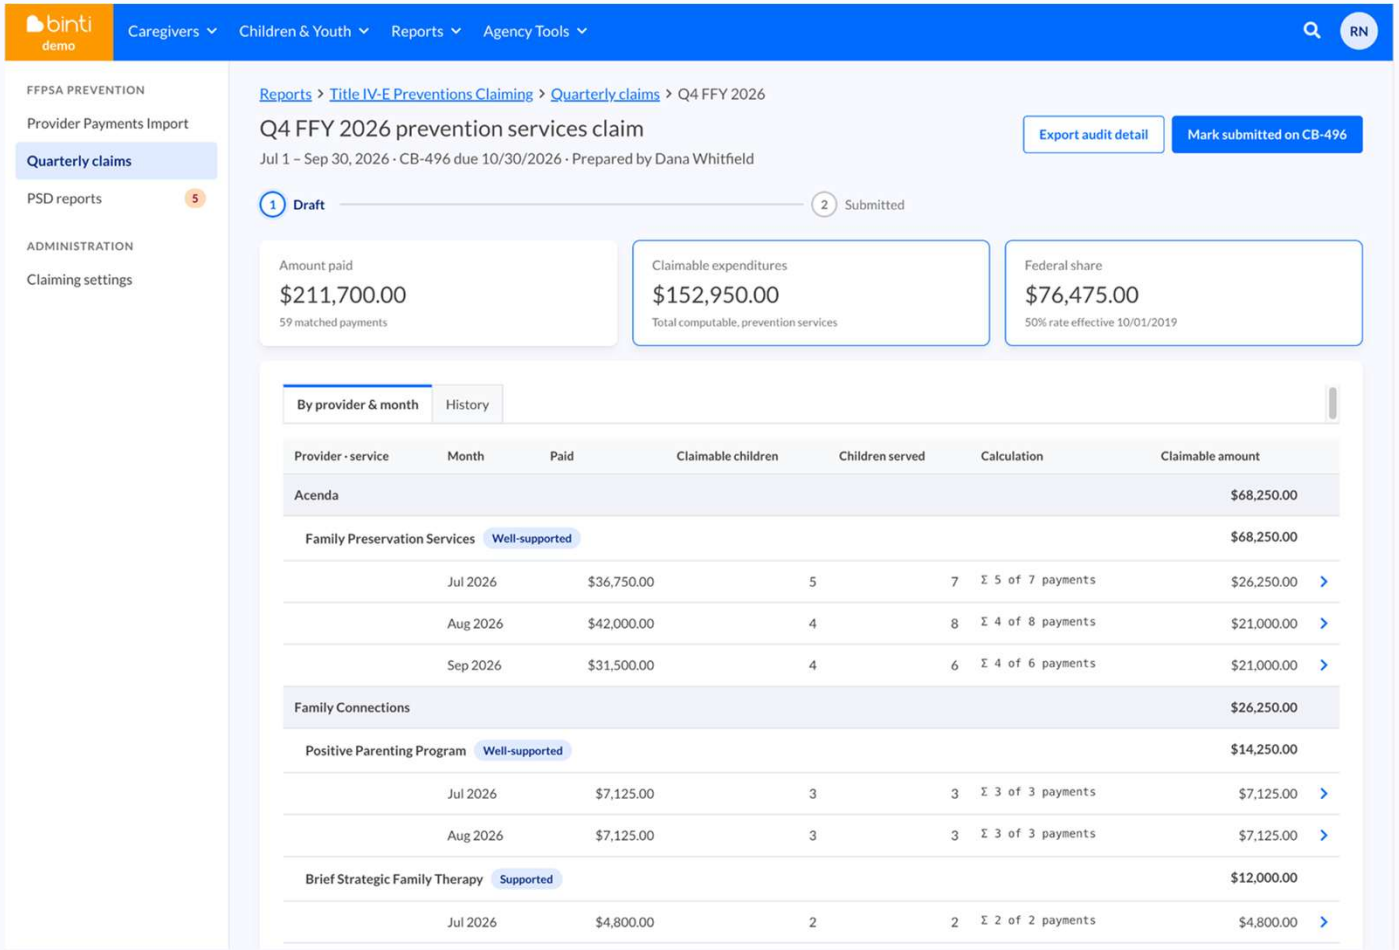

Integrate or import provider payments to calculate claimable costs.

Generate and submit prevention services quarterly in CB-496 of Part 2, Section D.

CB-496 Submission Deadlines

January 1-March 31: Due by April 30
April 1-June 30: Due by July 30
July 1-September 30: Due by October 30
October 1-December 31: Due by January 30

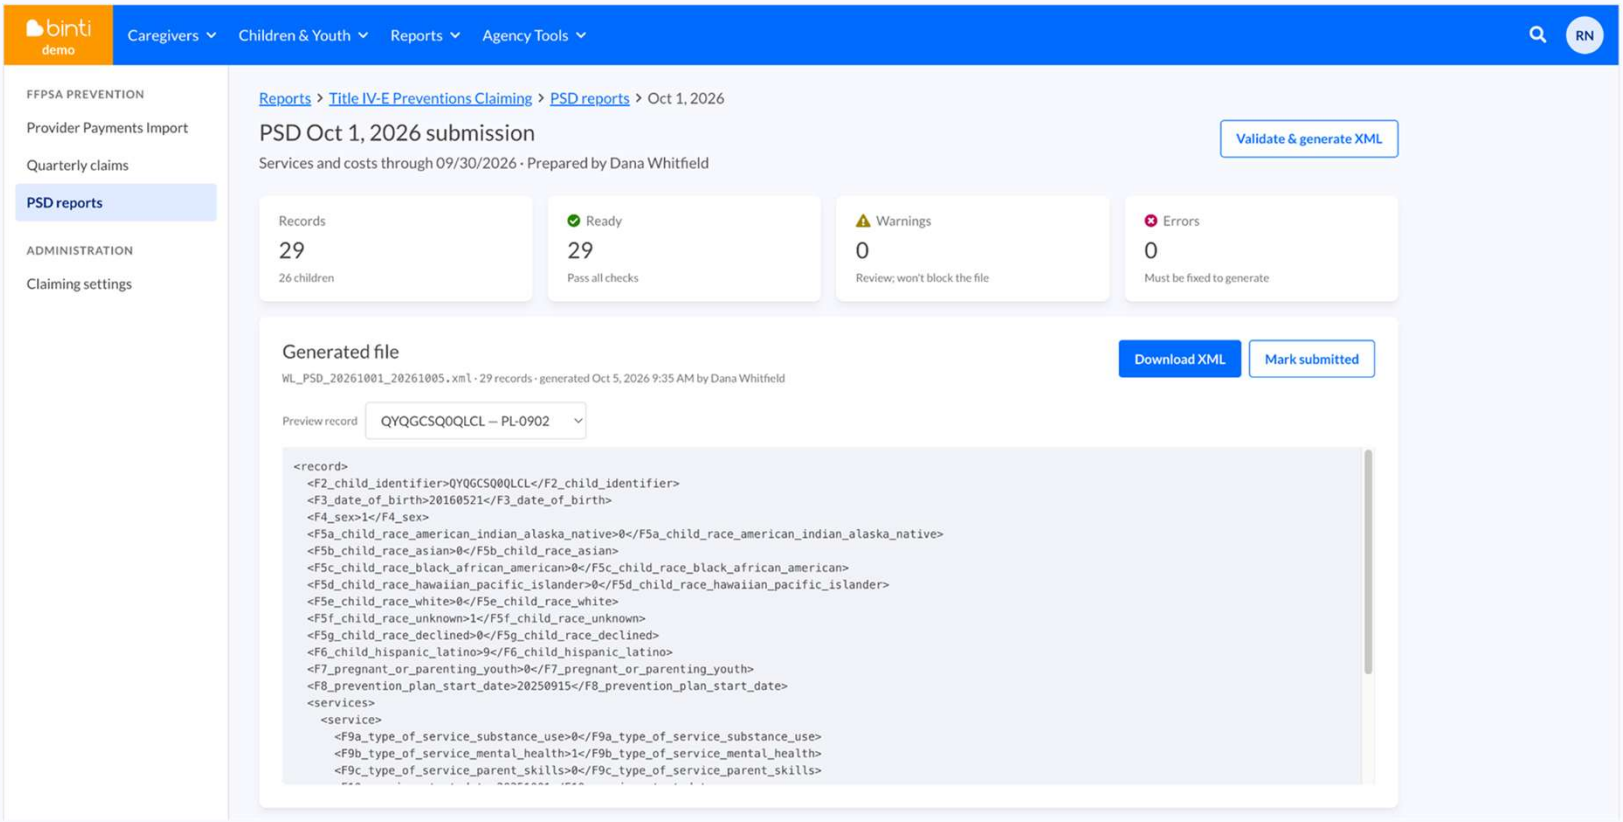

Generate and submit Prevention Services Data (PSD) XML file semiannually.

PSD Submission Deadlines

October 1-March 30: Due by November 14

April 1-September 30: Due by May 15

MODEL SPECIFIC FIDELITY & OUTCOMES

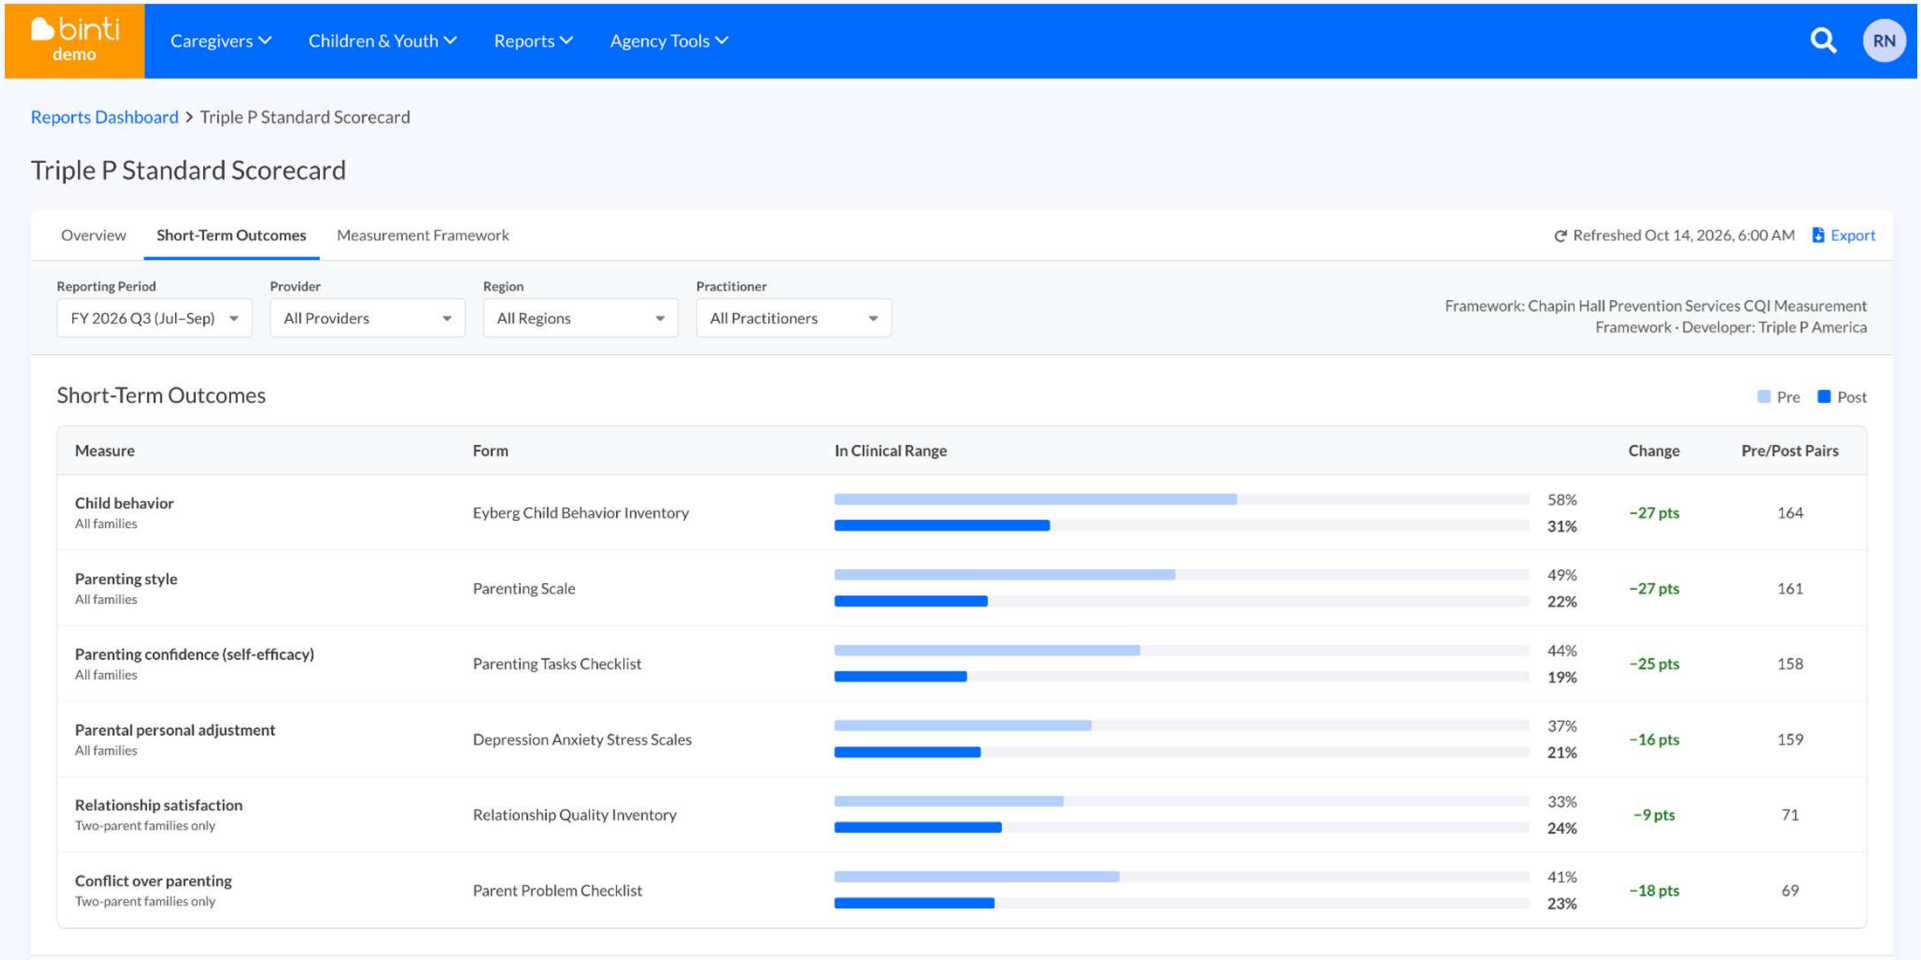

Chapin Hall has been engaging Clearinghouse rated evidence-based practice (EBP) purveyors/developers to gather fidelity & outcome measures and targets

Binti SRM module can capture or allow for purveyor reports to be uploaded so states can adhere to prevention plan CQI commitments to track and monitor EBP delivery

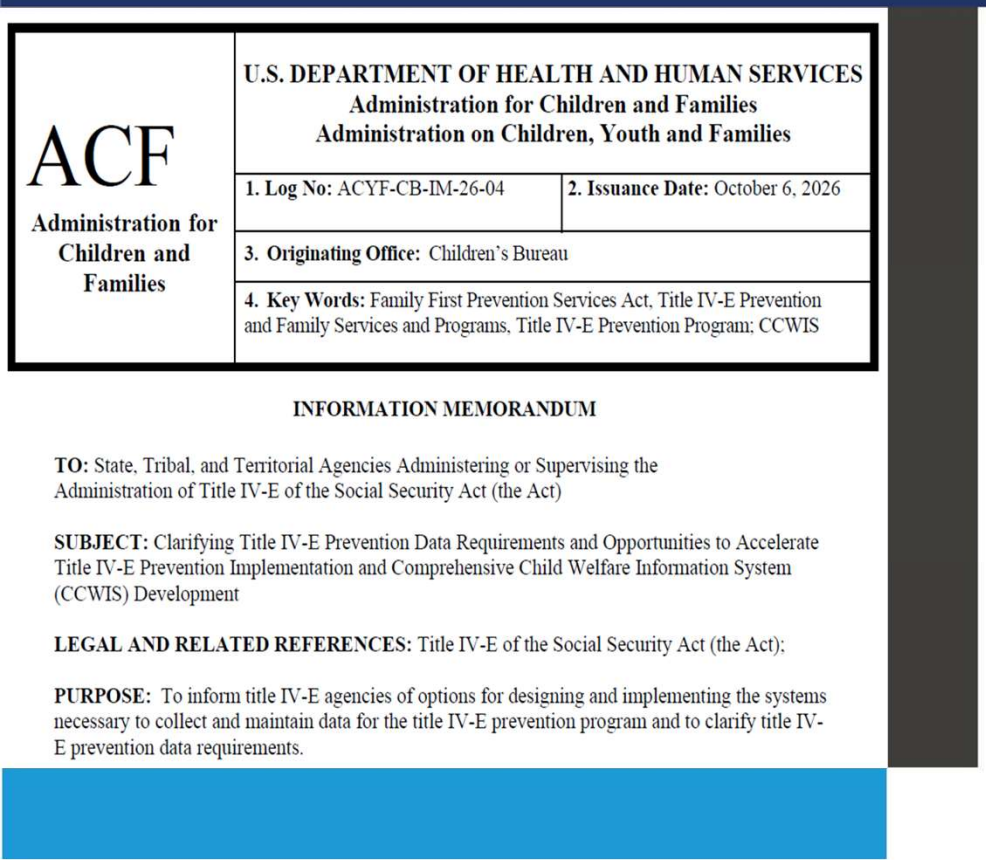

EBP Measurement Frameworks, developed by Chapin Hall, to support fidelity monitoring.

Short-term outcomes captured in one system supports aggregated reporting and CQI.

ACF
Administration for Children and Families

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
Administration for Children and Families
Administration on Children, Youth and Families

1. Log No: ACYF-CB-IM-26-04 | **2. Issuance Date:** October 6, 2026

3. Originating Office: Children's Bureau

4. Key Words: Family First Prevention Services Act, Title IV-E Prevention and Family Services and Programs, Title IV-E Prevention Program; CCWIS

INFORMATION MEMORANDUM

TO: State, Tribal, and Territorial Agencies Administering or Supervising the Administration of Title IV-E of the Social Security Act (the Act)

SUBJECT: Clarifying Title IV-E Prevention Data Requirements and Opportunities to Accelerate Title IV-E Prevention Implementation and Comprehensive Child Welfare Information System (CCWIS) Development

LEGAL AND RELATED REFERENCES: Title IV-E of the Social Security Act (the Act);

PURPOSE: To inform title IV-E agencies of options for designing and implementing the systems necessary to collect and maintain data for the title IV-E prevention program and to clarify title IV-E prevention data requirements.

- States have options:
  - CCWIS FFPSA data collection
  - Interim Non-CCWIS solution
    - SACWIS
    - Transitional system
    - External system
- **The costs of initiating, implementing, updating, and operating a temporary solution are allowable IV-E administrative costs**
